

# TRANQUILLO

## MOUNTAINTOP RESORT STYLE HOME WITH POOL AND SPA

GARY FARRELL PREMIER CREW MEMBERS RECEIVE 15% OFF RENTAL FEES

Tranquillo is a recently built contemporary Mediterranean home on a secluded hilltop with panoramic views of both valleys and distance mountain ranges. It is conveniently located just minutes from our Winery here in the middle of the Russian River Valley.

The home itself is designed as a true indoor-outdoor experience. From inside one can exit through any of thirteen glass French doors to the patios, decks and pool area that surround the house. You feast on an open and spacious

floor plan with high ceilings throughout. The great room has a fireplace with tall windows and doors leading out to the deck which overlooks treetops to the valley floor below and to Mount St. Helena. An over sized gourmet kitchen and dining area are designed for people who love to cook and socialize.

French doors from the master suite overlook and open to the length of the 40 x 18 foot dark bottom pool and spa.

Lush landscaping and lawns fill the walled courtyard environment with expansive views in every direction. The home is surrounded by covered patios supported by stone and stucco columns, arches and flower beds. Jump into the pool and cuddle up to the adjacent outdoor kitchen with barbecue and bar stools to keep your cook company.
